THE STRIKE SITUATION.

Bome New Features Likely to Be Introduced.

Rallway Men Adopt Resolutions Piedging Support to the Strikers Efforts to Bring Out the Men in the Coke Region

Pirtrasumon, Pa., July 20.—Some new features will likely be introduced into the struggle within the next two days, but the leaders are maintaining the greatest accrecy regarding their movements. It is believed they contemplate calling upon the railway organizations for assistance. Secretary Warner gave out information yesterday that a naceting of callway comployed was held here Sunday, and the situation of the miners' strike was thoroughly discontinuation. In the sense as the sense and the sense and

to be a meeting of the conductors and brakemen of the roads contering in

iam Warner visited Turtle Creek Sun-day to have a talk with the miners em-ployed by the New York and Cleveland that Coal Co. They were served with an injunction restraining them from interfering with the miners.

The mines at Leschou, on the West Pennsylvania railroad, have been closed. The diggers had not been asked to join in the movement, but Cameron Miller communicated with them, and they agreed to lay down

FABULOUS WEALTH.

Stories of the Rich Gold Diggings of the Far North.

They Are Supplemented by Others of Vast Coal and Oil Fields Near Tidewater in Alaska—Bich-Pocket in the Tansey Mines.

CHICAGO, July 17. Vice-President P.
B. Weare, of the North American Transportation and Trading Co., has received dispatches from the Klondyke placer gold fields of Alaska, which confirm the stories of its fabulous wealth particular from the Property of the Flavor of t received from the Pacific coast during Mrs. Zilla Ciapper, the oldest person the past week. The steamship Port of Monroe county, Mo. died in Paris, land, of the North American Co., ar Mo., at the age of 98 years. rived at Scattle, Wash., from its semiannual expedition within a week, and been appointed register of copyrights bears \$1,000,000 in gold dust from the in the congressional library. Yukon fields. The dispatch sums up the yield of dust and nuggets in that scheme to the ambas adors of the pow-Eldorado country during the year as ers. It was promptly rejected.

appoximately \$5,000,000.

The letter is from Capt. John J. Healy who has piloted crafts for the North American Co. through the wind.

Alaska when congress adjourns. North American Co. through the line of the Clan-na Gael guards, of chicago, ing Alaskan rivers for years. It is dated June 7 from Circle City, near the largen day, despite the new law. North American Co. through the wind-British boundary, and deplets graphi-eally the immense fortunes which have been made within a fortnight by roam-

ing, penniless;miners. Capt. Healy tells of new regions which have been discovered; indeed the captain says, that not less than \$4 worth of gold dust is accoped up with every shovel full of dirt and that appiles to every piece of ground into which the shovel is dug. Salaries to miners are not less than \$12 a day and s man can get his provisions and sustenance for \$2.

"There is no doubt," said Mr. Weare, "that the veins of gold are only partly uncovered. All my dispatches agree that this is the continuation of the mother vein in this country. Von Humbold, upon his visit to Dutch Har-bor, near Bristol bay, predicted that the mother vein would show itself in Alaska in a parallel line. Everything

indicates the truth of this prophecy.

Circle City and Fort Cudahy were
the principal gold fields before the
Klondyke fields were discovered last
fall and the rush for those fields has continued since. Gold fields have also been discovered of great value in the Paris to a news agency here says tha sleinlty of the Niatak river, which is in British territory, but the travel has been and continues to be toward the Yukon fields.

Mr. Weare has also news of a new discovery of gold fields, hitherto untouched, near the mouth of the Tanana river which is the second largest river Ouba and Hawaii, provides that in the of Alaska and enters the Yukon at the town of Weare.

ALASKAN RICHNESS.

Petroloum and Coal in Inexhaustible Quantitles Close to Tidewater. SEATTLE, Wash., July 17. - The Alaska here to develop the coal and oll fields recently discovered in southeastern Alaska by R. C. Johnston, of Los Oatos,

The report made to the company by Mr. Johnston and Mr. T. J. Hamilton, of this city, the experts who made rolling steel mill has made a test run and everything started off in good property, show that the discovis really the most wonderful find the world has ever known. The oil fields are located within a few hundred feet of the tidewater, 350 miles west of Juneau. The statement is made in good faith that the oil is dripping directly from the oil rock. and in places can be dipped up in buckets, while the surrounding coal beds are inexhaustible. Thirty thousand feet of pipe has already been or-dered from Pittsburgh, and as soon as received here a steam schooner will be chartered to carry it and tank materi-A prominent oll man has given

guarantee of all the capital necessary to handle the product. The oil is pro-nounced of the best quality ever seen, and the quantity is unlimited.

THE TANSY MINES.

Phirty-One Thousand Dollars Taken From A Pocket in Ten Hours. JAMESTOWN, Cal., July 17 .- This town and the entire country is excited on account of the rich strike in the Tansy mines, operated under the lease by Colby & Beckwith. The mine is located on the Mother lode, just this side of Sonora. The workmen struck a pocket, and in ten hours they had taken \$31,000 in gold from the pocket, and there is more

INDORSED BY BANKERS.

letten of the Mingesots Board of Pardons to the Younger Case. DULUTH. Minn., July 10 .- The Minzesota bankers in convention here adopted the following resolution in re-gard to the action taken by the board

of pardons in the Youngers' case. De it Resolved, by the Minnesota Bankers pardons in refusing the polition of the Younger prothers meets with our hearty approval and shis new assurance of the majesty of our laws and a feeling of security among rural bankers, that would have been largely dissipated had the pardon been granted. HOW THEY STAND.
